Why SourceOne?

DATA-DRIVEN DOCUMENT PROCESSING

A division of SourceOne Graphics, Inc.

We invest
in the latest
technology
resulting
in up to a
fifty percent
cost savings
for your
organization!

Our technology, security and expertise produce **more effective, lower cost statements and other mailings. Here's how:**

Are you generating, processing and mailing statements, invoices, transactional and marketing **information when it's not your core competency? Partnering with SourceOne Output Technologies reduces the time, effort and costs of producing, managing and mailing your data-driven documents.** We do it better so you don't have to think about it.

SourceOne Output Technologies is a full-service provider of data-driven document processing and distribution services.

WE SERVE:

- Governmental agencies
- **Insurance underwriters and benefit administrators**
- Financial services such as banks, credit unions and investment brokers
- Healthcare providers and administrators
- Publicly held and municipal utilities

If your company falls into one of these categories or generates large amounts of data-driven communication such as invoices, statements, checks, certificates of insurance, tax forms, contracts or similar transactional output, SourceOne Output Technologies can help.

We provide secure data transmission **as well as in-house data processing and composition.** We generate, sort and mail statements, invoices, **collection and other confidential** transactional documents. We do it **faster and more accurately while** reducing your costs, errors and labor requirements. We accept data in **virtually any format whenever you wish, such as on a daily, weekly or monthly basis.** We can get your documents produced and distributed in record time, improving your bottom line!

- **High-security statements, invoices, tax forms and** additional transactional document generation.
- Data validation and standardization.
- **Manifest Mailing software** and other postage reduction technologies.
- Business interruption protection.
- Selectable and variable inserting.
- Intelligent barcode-driven printing and processing.
- **Newsletters, sales and lead generation letters as well as targeted marketing inserts.**
- **Brochures, new customer packets, employee handbooks** and more – all on-demand.
- Print production, procurement and management.
- Print material storage and distribution.

Our products are based on data. But our value is based on people.

Document management requires specialized people – and **with people, relationships matter. Let us demonstrate our capabilities** and address any concern you may have.

We sincerely appreciate your time and consideration and **welcome your business.**
